

How to find us

To find DPS, go up the hill past the hospital on your right hand side and retail park on your left. Continue past the overflow carpark on your left to a junction and helicopter pad on your left. Turn left and then take the first left sign posted to the Health and Wellbeing Innovation Centre – the big glass building that you can now see. Turn left towards the car park, pull up by the barrier and press the intercom, asking for DPS/dental lab.
